FINAL OFFICE ACTION

Response to Amendment

- . This office action is in response to Applicants' amendment of 2/7/05.
- . **Claims 1, 5-6, 10 and 12** are amended. **Claims 1-18** remain pending.
- . The objections of record are withdrawn in response to Applicants' amendment.
- . The prior art claim rejections of record are maintained in response to Applicants' amendment.

Response to Arguments

- * Applicants' arguments have been fully considered, but are not deemed persuasive because the prior art of record does not restrict data block integrity test by reading data exclusively from plural drives instead of from a single drive as alleged.

In addition, Applicants' arguments, at page 8 last para., make optional the feature of reading metadata from a 2nd drive.

Conclusion

- . **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

- . The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
